Join us for a special lab safety training session featuring guest speaker Dr. Holden Thorp, Editor in Chief of the Science Family of Journals. In this session, Dr. Thorp will delve into the vital role of principal investigators in ensuring lab safety, provide strategies for establishing a strong lab safety culture, and share his personal experiences and insights. Don't miss this opportunity to learn from a leading expert that may assist in enhancing your lab's safety practices.

This session will serve as the annual laboratory safety training for principal investigators and will also count as one hour of Responsible Conduct of Research (RCR) live training.

All faculty, staff, and students are welcome to attend.
